

Service Agreement

The following serves as an agreement between ASAP Glenn Company Inc. and _____ referred to as “the Customer”.

ASAP Glenn Company Inc. will furnish portable restrooms and/or waste containers and the Customer will pay specified rate for service of said equipment and waste disposal fees. ASAP Glenn Company Inc. agrees to service the units as specified and the Customer agrees to provide ASAP Glenn Company Inc. with access to the unit, including, but not limited to keys and gate codes, and attests that the pathway to the location will bear the weight of the vehicles and units. ASAP Glenn Company Inc. will make every effort to protect property, deliver, service, and pickup the unit as agreed, but is not liable for forces of nature, obstructed access, or other issues beyond their control.

The Customer agrees to keep the unit at the location wherein it was delivered and will call for prior consent from ASAP Glenn Company Inc. before moving the unit. Should the Customer move the unit, the Customer will assume all responsibility for any damages that may occur. As the units are a danger if not used in the manner intended, the Customer will assume responsibility for any damages that occur should the unit be misused while in the Customer’s possession.

The Customer agrees that the unit will be returned in the same condition as it was delivered and shall be responsible for any damages beyond reasonable wear and tear, including, but not limited to graffiti, fire, and theft. Weekly serviced restrooms are billed on a 28 day cycle and the minimum charge is one billing cycle.

Late fees are added to invoices over 60 days, and there is a returned check fee of \$35 per denial. The Customer agrees to pay any attorney’s fees or collection fees that ASAP Glenn Company Inc. should incur to enforce this agreement. ASAP Glenn Company Inc. reserves the right to deny final pickup of the unit if a good credit history has not been established and/or the account is not paid in full.

If renting waste containers, the customer agrees that they have read and will comply with the “Waste Container Guidelines” information sheet that outlines proper loading procedures and acceptable waste policies.
